Required Disclosures NURSING HOME QUALITY AND ASSESSMENTS

Both the New York State Department of Health (NYSDOH) and the Centers for Medicare and Medicaid Services (CMS) maintain information on nursing homes that includes performance on quality measures, complaints, citations, inspections, enforcement actions, and penalties imposed on the nursing home. This document will assist you in accessing this information.

CMS has created a tool called "[Care Compare](#)" to help consumers search for and select nursing homes and other health care providers. According to CMS, the information it maintains on nursing homes should be used with other information you gather about providers and facilities in your area.

In addition to reviewing the Care Compare information, you should talk to your doctor, social worker, or other health care providers when choosing a provider. Additional tips for selecting a nursing home can be found in [CMS's Guide to Choosing a Nursing Home](#):
